

AbleSpace Full Stack Assessment

AbleSpace Application Walkthrough & User Interface Report

Candidate: Aditya Kumar | **Role:** Full Stack Developer (Fresher)

Live Deployed URL: <https://ablespaceassiment.netlify.app/>

GitHub Repository: <https://github.com/Adityakumar926/ablespace-assessment>

1. Executive Summary

This walkthrough document provides a complete visual and functional tour of the **AbleSpace Task & Caseload Management Application**. Engineered to serve Special Education (SpEd) teachers, Speech-Language Pathologists (SLPs), OTs, and BCBA's, the platform simplifies IEP goal tracking, multidisciplinary team collaboration, and daily instructional task management.

2. Walkthrough & Visual Interface Tour
